

Executive Chef Michael England

Our STORY

From the Scottish Highlands, to the countryside of Northeastern Wisconsin, TJ's Highland Steakhouse will entice from the moment you step through the door. Custom made wool tartans, rich leathers, and natural hickory adorn the interior of this Scottish-inspired Steakhouse. Brimming with character and charm, each dining space will offer its own unique identity, providing customers with an exclusive dining experience.

Located at the historic Oshkosh Country Club(1899) near Lake Winnebago, TJ's Highland Steakhouse delivers world-class cuisine and luxury service in a setting reminiscent of a traditional Scottish lodge. Our menu features USDA Prime dry-aged beef broiled to perfection at 1500° F plus a selection of fresh seafood and specialty dishes prepared by celebrated New York City chef, Michael England. Our extensive wine and spirits lists include well known and wonderful small producers from around the globe.

1783

Tartans Of Scottish Kings

THE STEWARTS

All of our tartans-Royal Stewart(red), Dress Stewart(white) and Black Stewart were “dyed in the wool,” spun into yarn and custom-woven at the Islabank Mill in Perth, Scotland.

The mill was built in 1783.

NOTES Of the DIET, at HOGHTON At the KING's coming there, 1617.

On August 17-18, 1617, King James I was honored with a banquet at Houghton Tower in Lancashire. The menu featuring mutton, venison, duck, chicken, turkey, goose, swan and rabbit, also included a beef loin so delicious that James pulled out his sword to honor it, uttering the words: “Loin, we dub thee knight, henceforward be Sir Loin! Arise, Sir Loin.”

Oshkosh Country Club and TJ's Highland Steakhouse mascot has thus been formally named Sir Loin. He will munch fairway grass until he grows old, and in a few years, he will tip the scales at 1,500 pounds, almost as big as his father, Brian the Bull.

Zabel's Sawmill

Zabel's Sawmill Located in New London, Wisconsin, provided the custom-sawed oak beams for the cathedral ceilings of the Tantallon Bar and St. Andrew's Dining Room. The hickory adorning the walls and tops of the tables had to be sourced by a few companies because we were unable to find enough local hickory in Wisconsin.

Excellence is never by accident. It is the product of vision, planning, hard work, experience and care. We will do everything in our power to ensure that your dining experience exceeds all of your expectations. We set out to make TJ's Highland Steakhouse a destination for food and wine lovers in Oshkosh and the surrounding areas. We have a state-of-the-art kitchen and have sourced the finest dry-aged and Domestic Wagyu beef in the country. We sought out wines from top producers in California, Bordeaux, Burgundy, Washington, Oregon, New Zealand, Germany, Alsace and Italy. Manager Jon Cameron has curated a collection of fine and rare whiskeys from Scotland, Kentucky, Japan, India and Ireland. Our goal is to be one of the best steakhouses in America."

-Chef Michael England

American Black Angus

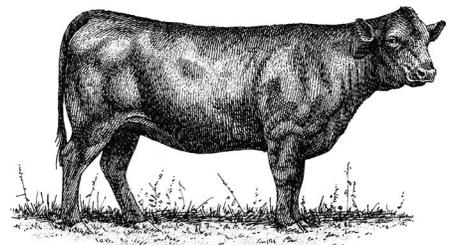

Weight: 3500lbs-4200lbs
Source: Specialty farms across the Midwest

"America's Pride," "The Steakhouse Classic"

Black Angus is the dominant beef breed in the US. It is known for producing large muscles with abundant marbling resulting in high quality meat. We dry age our Prime grade Black Angus beef in house to maximize its flavor by expelling water from the subprimals and, through enzymatic process, tenderizing the beef from within.

American Wagyu

Weight: 1,500lbs
Source: Boise Idaho

"The Best of Both Worlds"

American Wagyu is a hybrid of popular domestic American breeds such as Black Angus and Longhorn and the famed Wagyu of Japan. We feel that this can offer the best of both worlds -- the bold, muscular meat of American cattle tempered by the rich yet delicate marbling of Japanese beef. We source our all natural American Wagyu from a single producer.

TJ's Highland Steakhouse's mission is to source the absolute best beef available. We proudly serve Iowa Premium Certified Angus Beef and American Wagyu from Snake River Farms in Boise, Idaho.

Dry-Aged Beef - The dry-aging process exposes beef to air in a controlled environment for an extended period. This helps break down fat and muscle fibers and dissipate moisture. Dry aged beef is valued for its marvelous flavor. Unlike wet aging, dry aging imparts a distinct, remarkable flavor profile. Many describe this as a nutty flavor that's more succulent than wet aged. Dry aged beef does come at a higher cost due to the necessary trimming at the end of the aging process, but the wait and the cost is certainly worth it!

Cooking Process - Our broiler was specially designed. It sears the meat by infrared at a temperature of 1500°. This cooking process, used in major cities around the world, is unique in Wisconsin. It produces incredibly juicy meat with a charred crust that locks in the meats natural juices, guaranteeing exceptional flavor.

Worth Our Salt - Our special Highlands salt blend is carefully composed by mixing British Maldon salt and Himalayan pink salt, and infusing it with Clos de La Tech Pinot Noir.

Pure taste - Given the quality of our meat, it would be sad to alter the taste with spices, seasonings, marinade or sauce. All of our steaks are prepared with salt crystals just before cooking. No other spices are added to the meat which allows you to enjoy the unique flavor of the meat.
