

# TJ's Highland STEAKHOUSE

Wine Director Vito Gambini  
Beverage Manager Jon Cameron

To our valued guest,

We choose our wine selection from regions, AVAs, vineyards, and varietals that lend themselves to a classic steakhouse menu. These winemakers do not manipulate their wines, instead allowing the terroir and varietal to shine through. Our Beverage Manager and Wine Director are available to help you select a wine and ensure that you have a memorable wine and food experience.

# TJ's BORDEAUX BY THE GLASS AND STEAK PAIRINGS

TJ, the wine team, and our Executive Chef have chosen wines from select chateaus in France's Left Bank and Right Bank regions to pair well with steak. Although Bordeaux produces some of the most expensive wines in the world, it also produces delicious bottles at exceptional value for everyday drinking.

Left Bank Bordeaux is an excellent match with fattier-salty steaks, due to a higher percentage of Cabernet Sauvignon. Right Bank Bordeaux red wines pair best with leaner cuts, like Filet Mignon. We have suggested Bordeaux wines that perfectly complement our special Prime and Wagyu cuts.

	Glass
<b>CHÂTEAU PEYRAT</b> , Graves 2019 80% Merlot, 10% Cabernet Sauvignon, 10% Cabernet Franc Recommended steak : Petite Filet	18
<b>CHÂTEAU LAPLAGNOTTE-BELLEVUE</b> , Saint-Émilion 2019 74% Merlot, 26% Cabernet Franc Recommended steak : Spinalis Dorsi (Ribeye Cap)	24
<b>CHÂTEAU PARENCHERE</b> , Bordeaux Supérieur 2018 100% Merlot Recommended steak : New York Strip	12
<p>In the south of Médoc, Graves produces fabulous white Bordeaux wines made with a blend of Sauvignon Blanc and Sémillon. Only 8% of the wine produced in Bordeaux is white, but it is a staple for people of Bordeaux when ordering oysters, shellfish, or mussels. Enjoy flavors of flint and mineral, fresh-cut grass, and bright citrus notes.</p>	
<b>CHÂTEAU DES GRAVIERES BLANC</b> , Graves 2019 50% Sauvignon Blanc, 50% Sémillon Recommended appetizer : Oysters on the half shell or Hamachi Crudo	12

## CORAVIN ELITE WINE BY THE GLASS

A best-in-class wine preservation system keeps wine safe from oxidation, allowing it to continue aging naturally. Using a specially designed, coated wine needle, we pierce gently through the wine cork and pour wine quickly and smoothly. Argon, an inert gas used in winemaking, then enters the bottle to protect the remainder from oxidation.

## Right Bank: Libournais, Bourg and Blaye

North of the river Dordogne, the Libournais includes sub-regions Saint Émilion and Pomerol, among others. An additional wine region of Entre-Deux-Mers lies between the Garonne and Dordogne rivers, which combine to form the Gironde. These regions, except the Libournais, have their own Appellation d'origine contrôlée (AOC) laws that dictate permissible grape varieties, alcohol level, pruning and picking methods, planting density, and appropriate yields—as well as winemaking techniques. Bordeaux wine labels will usually include the region on the front if all grapes have been harvested in a specific region and the wine otherwise complies with AOC requirements.

# BURGUNDY

## Bourgogne

The French wine region of Burgundy may be small in size, but its influence is huge in the wine world. Its six sub-regions produce some of the most expensive wines in the world. Chardonnay and Pinot Noir grape varieties represent the majority of wines from Bourgogne, with small production of Aligoté, Pinot Gris, and Gamay. Burgundy has more AOCs than any other region and is seen as the most terroir-conscious. Vineyards are delineated by terroir in Burgundy, a practice dating to the Middle Ages when various monasteries played a key role in developing the Burgundy wine industry.

### AOC Classifications of Burgundy

#### Grands Crus

1.4% of Burgundy total production

#### Premiers Crus

10.2% of Burgundy total production

#### Villages

37.3% of Burgundy total production

#### Bourgogne

51.1% of Burgundy total production

## BURGUNDY SUB-REGIONS

### CHABLIS

Chablis is one of Burgundy's two classic white-wine areas, yet this island of vines is closer to Champagne than the rest of Burgundy. Its Chardonnay grape is grown on soils and under climatic conditions that are more champenois than bourguignon.

# CÔTE DE NUITS

The Côte de Nuits is primarily a red-wine area with one or two extraordinary whites. With 22 of Burgundy's 23 red grands crus, it is the place par excellence for Pinot Noir.

# CÔTE DE BEAUNE

Pinot Noir in the Côte de Beaune is renowned for its softness and finesse, characteristics that become more evident as one progresses south through the region. With seven of Burgundy's eight white grand crus, this is Chardonnay country. The wines produced are the richest, longest-lived, most complex, and stylish white wines in the world.

# ITALY

## Italian Wine Classification System

### DOCG

#### Denominazione Di Origine Controllata E Garantita

The designation denotes the highest quality recognition for Italian wines

### DOC

#### Denominazione Di Origine Controllata

This designation has slightly fewer laws than DOCG.

### IGT

#### Indicazione Geografica Tipica

The Italian classification system introduced this new designation for many of the country's new styles of wines. Super Tuscan's made with Bordeaux varietals all have a IGT designation.

### VDT

#### Vino Da Tavola

This is the least strict designation.

## The Northwest

This area includes the great wine region of Piedmont, as well as the regions of Liguria, Lombardy, and Valle d'Aosta. Generally, the wines are fuller and richer than those northeastern Italy, which is a more mountainous area.

## Central and Southern

While central Italy is most famous for the wines of Toscana, there are several other growing regions. The southern "boot" is known for having rich volcanic soil high in mineral content to nourish the vines.

## Magnificent Toscana

The heart of Italy is also the center of the country's most important quality-wine exports. These are dominated by famous red Sangiovese wines from the Tuscan hills and the valleys between Florence and the Umbria-Latium border. Sangiovese is one of the most difficult wines to produce outside of Tuscany, signifying its special place in the wine-producing community.

# THE NAPA VALLEY

Napa County is the heart and soul of the California wine industry. Its vineyards are concentrated, with more wineries than any other county, and they produce the greatest number and variety of fine wines in North America.

## Napa Valley Floor

This AVA includes all of the county, except for the area around Putah Creek and Lake Berryessa. The valley floor is 25 miles (40 kilometers) long and between eight and 12 miles wide (16 kilometers) and is sheltered by two parallel mountain ranges. Most vineyards occupy the flat valley floor in a continuous strip from Napa to Calistoga.

# SANTA CRUZ MOUNTAINS

The name "Santa Cruz Mountains" was first recorded in 1838. Its climate is influenced in the west by ocean breezes and maritime fog, while the east is moderated by San Francisco Bay. Cool air coming down from the mountains forces warmer air up, lengthening the growing season.
